

State Licensure and Certification Disclosures

Diagnostic Medical Sonography Certification Disclosure

Graduates of the Diagnostic Medical Sonography program may be eligible to sit for various national certifications including the ARDMS certification for Diagnostic Medical Sonographers. We have determined that these certifications are not required for employment in the states of Ohio, Michigan, and Illinois; however, we have not determined whether any of these certifications are required for employment in states other than Ohio, Michigan, and Illinois. Additionally, we have not determined whether the Diagnostic Medical Sonography curriculum qualifies for other national or state certifications not listed above. Students who are located in states other than Ohio, Michigan, and Illinois should research any certification or employment requirements for their chosen state.

Medical Assisting Certification Disclosure

Graduates of the Medical Assisting program may be eligible to sit for various national certifications including the NHA and AMT certifications for Medical Assistants. We have determined that these certifications are not required for employment in the states of Ohio, Michigan, and Illinois; however, we have not determined whether any of these certifications are required for employment in states other than Ohio, Michigan, and Illinois. Additionally, we have not determined whether the Medical Assisting curriculum qualifies for other national or state certifications not listed above. Students who are located in states other than Ohio, Michigan, and Illinois should research any certification or employment requirements for their chosen state.
